No Cement Mason shall be discharged except for just cause.

Training of Employees

In accordance with applicable OSHA safety & health standards requiring safety training and education, the union shall make available to each union member the 16 hour STP "Safety Training Program" or OSHA 30-hour course certified by the U.S. Department of Labor in its training and upgrading program. The contractors shall by company policy encourage or require the employee to obtain all training available.

All Cement Masons dispatched to or employed on a project are required to have successfully completed the 16-hour Safety Training Passport Program (STP), an OSHA-approved 10-hour construction safety training program, or OSHA 30-hour course. Comparable safety training shall be renewed and updated every 5 years or the Cement Mason shall be considered unqualified. Verification of valid, updated training must be presented to the employer upon dispatch, hire or request.

Accident and Injury free operations shall be the goal of all Employers and the employees will, to the best of their ability, abide by, and live up to the requirements of the several State and Federal construction safety codes and regulations.

To this end the Employer shall from time to time issue rules and notices to his employees regarding on-the-job safety requirements. Any employee violating such rules or notices may be subject to disciplinary action.

29.(a) The Union agrees that the contractor may implement a program to aid in maintaining a drug free work place. This program will provide for testing under probable causes and governmental requirements, D.O.T. physicals, etc. The parties recognize the problem that drugs and alcohol abuse have created in the construction industry and agree to continue negotiations on implementing drug and alcohol abuse prevention programs that will work toward maintaining a safe workplace, free of drugs and alcohol.

1. Drug Testing: The employer and the Union are committed to a policy that promotes safety in the work place, employee health,

and well being. In consideration of this policy, the Union and the Employer agree that any employee found to be under the influence of, in possession of, or engaged in the distribution of drugs or alcohol on the job site shall be subject to disciplinary action, up to and including immediate discharge.

2. When requirements are set down by the Federal Government, a committee composed of Labor and Management (of equal representation) will be formed for discussion on the requirements.

3. Within two (2) weeks of reporting to the job site, each new employee may be scheduled for a drug test. Employees using a prescription drug which may impair mental or motor function shall inform their supervisor in writing of such drug use.

Employee involvement with drugs and alcohol can adversely affect job performance and employee morale. In the construction industry the consequences of drug or alcohol use or influence while on the job site can be disastrous. The Employer and Union, therefore, agree to the following policy to insure all employees of a safe and efficient job site free from the effects of drug and alcohol use or influence.

All job sites or work areas are subject to massive drug screening or random drug screening. Any employee who is involved in an on-the-job accident resulting in injury to a person or property, or whose observed behavior raises a reasonable suspicion of probable cause of illegal drug or alcohol use impairment while on the job site, may be required as a condition of continued employment to submit to a test for alcohol and/or illegal drug use which impaired the employee's ability to safely perform his/her duties on the job site. Such tests usually involve a sampling of the employee's blood, urine, or breath. Any employee who is asked to submit to such a test will be required to sign a consent form. If an employee who is asked to submit to a test refuses to do so, or refuses to sign the necessary consent form, that employee will be subject to disciplinary action up to and including discharge.

All testing will be done by a reliable established laboratory. If this initial test screen result indicates positive findings, further testing of the same sample must be done to confirm the original findings before the laboratory can report a positive findings. The confirmation test will be conducted by an independent accredited National Institute of Drug Abuse or College of American Pathology laboratory and utilize the more scientific Gas Chromatography/Mass Spectrometry examination (GC/MS). The results of all tests will be kept confidential between the employee, the Employer. The employee shall be paid his/her regular hourly wages and fringes for the time required for drug testing provided results are negative.

If the GC/MS test results are positive, the employee may be granted a leave of absence for the purpose of drug and alcohol rehabilitation. If the employee is eligible, such rehabilitation programs are covered under the Ohio conferecne of Plasters' and Cement Mansons' Health and Welfare Fund.

The employee shall be removed from the employer's job site. Upon presentation of certification of the employee's successful completion of the drug/alcohol rehabilitation program, the employee may be restored to his/her original job with the employer.

If the employee was reinstated he/she shall for the next succeeding twelve (12) month period, present to the Company Representative monthly certification of negative drug/alcohol test results. Failure to do so will result in denying the employee the right to maintain his/her availability to be sent to a job site or if working, to be removed from work.

4. Upon request, the Contractor will submit its drug testing policy to the local Union.

30. The number of men to be employed is also at the sole discretion of the Contractor. A Contractor shall not be hindered or prevented in using any type or quantity of machinery, tools, or equipment, nor shall there be any limitation upon the amount of work which an employee shall perform during the working day. The Union signing this Agreement will be the sole bargaining representative for all employed on the work covered by this Agreement.

31. This Agreement covers the entire understanding between the parties hereto. No oral or written rule, regulation or understanding which is not mentioned or referred to herein or in the schedules of labor made a part hereof will be of any force or effect upon any party hereto.

32. The authorized representatives of the Union may visit jobs during working hours, but must not hinder or interfere with the progress of work. The Union representative may conduct Union business including meetings with the job Steward, checking membership, signing dues deduction cards, but he must report to the job superintendent prior to visiting the job.

33. The Contractor agrees to furnish rain gear when needed. The employees shall be responsible for returning such equipment. When an employee is furnished rain gear and then refuses to work under existing weather conditions, it is agreed the Contractor will not be liable for any reporting of work guarantee pay.

34. The Contractor recognizes that the Union may appoint a Steward on a project. The Steward shall be appointed from the employees employed on the project. The Union shall notify the Contractor of the Steward so appointed. It is understood that the

steward shall be employed until the completion of the work.

Under no circumstances shall the Steward have any authority to call a strike, slowdown of work or perform any other action that would be in violation of this Agreement.

Upon receipt of the contribution, the Depository shall, as soon as possible, transfer the Employer's contribution to the "Home Pension Fund" designated in writing by the employee on whose behalf the Employer made said contributions. If an employee has not designated a "Home Pension Fund", said Employer's pension contributions shall be transferred to the pension fund that is sponsored by the Local Union, in which geographical jurisdiction, the majority of the employee's hours are worked in the month for which said pension contributions are due and payable. The following Ohio Cement Masons' Pension Funds are referenced in this paragraph: Local 109 Pension Fund; Cincinnati Cement Masons 524 Pension Plan; Columbus Local 1

Pension Plan; Opem Local 886/404 Pension Plan; Cement Masons Local 179 Pension Plans.

63. Reports on employees, and payments to the Funds, shall be transmitted to the office of the Fund by the 15th day of each month for the calendar month immediately preceding the reporting date. Any payments not made by the 20th of the month when due shall automatically incur a liquidated damage assessment against said Employer of 10% of the amount shown to be due for said period, and may also subject the Employee to other additional requirements as provided in said Trust Agreement. Payments not made when due will affect the eligibility for benefits of employees of the delinquent Employer, and may subject the Employer to legal liability for claims of employees denied because of such delinquency.

64. Failure to comply with the provisions of this Article and these Trust Agreements as may be amended by the Trustees, and to which the Employer makes contributions, shall be deemed to be a breach of contract on the part of the Employer, and the Union may withhold its services from the employer as long as the breach continues. However, the Union agrees to notify the Employer in writing of this delinquency prior to the Union's withholding its services from the Employer.

65. Employers who are declared delinquent in payment of Fringe Benefit contributions payments will be required to post a cash bond to guarantee future payments to the Fringe Benefit Fund. The amount of the cash bond required shall be determined by the Board of Trustees of the Fund to which delinquent payment is due.

The Union will not furnish Union employees to work for a Contractor who has been declared delinquent in payments to the Fringe Benefits Board of Trustees.

66(a). Under the terms of this Agreement, the Employer shall pay all fringe benefits, as set forth in Article VIII, as Employer contributions for the Health & Welfare Fund, all Pension Funds listed above, Annuity Funds and Apprentice Funds. It is further understood that in the event that for some proper and lawful reason it is determined to discontinue payment of any amounts which have been apportioned to said fringe benefits, then such discontinued contributions or payments shall be reinstated and added to and become a part of the total of the hourly wage rate provided for in this Agreement.

66(b). The terms and provisions of the preceding paragraphs in this Article may not be terminated during this Agreement, and shall not be subject to or suitable for arbitration by the terms of this Agreement or any other Agreement.

66(c). Upon the timely payment with the appropriate reporting forms by the Employer to the Depository, the Employer ceases to have any further liability regarding fringe benefit contributions to the above listed Pension Funds and/or individual employee on whose behalf the contributions were made.

66(d). Effective May 1, 2019 the employer agrees to contribute .13% of the current wage and benefit amount (.06) for each hour worked under this agreement to the **OPCMIA International Training Fund (ITF)**.
